ST 6 – Professional Strategies for the Surgical Technologist

Course Syllabus: 2017
Prerequisites: ST 5, ST5P
Co-requisites: ST6P
Credit Hours: 3
Contact Hours: 3

**Monday 10:20-11:20 / Wednesday 10:20-12:30**

Professor Fruscione, MA, CST, FAST
M-404
(718) 368-5412
Office hours – Monday and Wednesday 12:30pm-2:30pm

**Catalogue Description:** This course helps the student to prepare for both certification and life in the work force. It is both a review course for certification as well as development of job-seeking skills to ensure that the student succeeds in a career path. Resume writing, and interviewing techniques are discussed. It will also review those requirements necessary for the Certified Surgical Technologist to complete recertification and continuing education throughout his/her career.

**Course Overview:** This course will assist the student to develop the knowledge and skills for them to succeed in the field of Surgical Technology. It will assist them in preparing and applying for certification and employment. The course meets 3 hours each week.

<td>Unofficial Withdrawal</td>
</tr>
<tr>
<td>INC</td>
<td>Term’s Work Incomplete</td>
</tr>
</tbody>
</table>

Grades will be determined as described below:
(5) Exams 60%
Midterm exam 20%
Resume and Cover Letter 10%
Assignments 10%

Policies and Procedures
The Department of Nursing adheres to the Policies and Procedures on Academic Integrity as set forth by CUNY. See the Surgical Technology Student Handbook, the KCC Catalog and website for further details. Students are expected to take all tests when scheduled. Students who do not take a test on the scheduled date are required to take a makeup test. All makeup tests will be given at the end of the semester. Students who fail to take the scheduled exams or makeup will receive a grade of zero for that test. All written assignments must comply with college standards for written work. All assignments are to be submitted via email and must be received before 8:00 AM on the due date. All other submissions will be assessed 5 points per date that it is late. A late assignment will meet the requirements of the course but will not receive full credit. If written assignments are not submitted by the end of the course, the student will receive a grade of “0” for each incomplete assignment.

A conference with the instructor is required at mid-semester and at week 10 of the course to discuss the student’s progress. Surgical Rotation Documentation (SRD) will be reviewed during the semester at week 5, 8 and 10. Students may arrange a conference / appointments through the nursing office, M-401, or calling (718) 368-5522 to schedule an appointment on Monday or Wednesday from 12:30-2:30pm. ST6 students have my exclusive attention immediately after class on Monday and will be seen on a first come, first serve basis.
## UNIT 1: CST Exam Preparation and Review

### WEEK 1
Upon completion of this unit the student will be able to:
1. Discuss medical terminology.
2. Discuss anatomy and physiology using the APOS CARE approach.
3. Discuss microbiology related to surgery.

### WEEK 2
Upon completion of this unit the student will be able to:
1. Discuss principles of surgical pharmacology.
2. Discuss principles of anesthesia.
3. Discuss principles of biomedical science as they relate to surgery.

### WEEK 3
Upon completion of this unit the student will be able to:
1. Discuss the surgical environment.
2. Discuss principles of safety in the OR.
3. Discuss the principles of asepsis.

### WEEK 4
Upon completion of this unit the student will be able to:
1. Discuss the Preoperative sequence for patients.
2. Discuss the diagnostic and assessment procedures for the surgical patient.

### WEEK 5
Upon completion of this unit the student will be able to:
1. Discuss the use of instrumentation and equipment in surgery.
3. Discuss principles of case preparation.

### WEEK 6
Upon completion of this unit the student will be able to discuss surgical procedures, surgical anatomy, instrumentation, equipment and supply needs required for:
1. General Surgery
2. GYN and Obstetric surgery
3. Urologic surgery

### WEEK 7
Upon completion of this unit the student will be able to discuss surgical procedures, surgical anatomy, instrumentation, equipment and supply needs required for:
1. Head and Neck Surgery
2. Plastic & Reconstructive Surgery
3. Ophthalmology Surgery
4. Pediatric Surgery

### WEEK 8
Upon completion of this unit the student will be able to discuss surgical procedures, surgical anatomy, instrumentation, equipment and supply needs required for:
1. Orthopedic Surgery
2. Neurosurgery
WEEK 9
Upon completion of this unit the student will be able to discuss surgical procedures, surgical anatomy instrumentation, equipment and supply needs required for:
1. Vascular Surgery
2. Thoracic Surgery
3. Cardiac Surgery

UNIT 2: Job Seeking Skills

<table>
