**CLINICAL AGENCIES:**

*Students may not perform their clinical rotation in a facility in which they are employed. It is the student’s responsibility to notify the nursing office.*

The *syllabus* is online at the Kingsborough Community College website (Nursing Dept.) and on Blackboard. [www.kbcc.cuny.edu/departments/nursing/coursesyllabus](http://www.kbcc.cuny.edu/departments/nursing/coursesyllabus)

*There is also a Fluid and Electrolyte case study on the KCC website under the Nursing Department, under forms that ***MUST be completed prior to the first lecture. Please bring a copy of the completed case study to the first day of class.***

***STUDENTS WILL BE TESTED ON THIS MATERIAL THE FIRST DAY OF CLASS!***

Students ***MUST*** access Blackboard early for announcements and pertinent information/documents and **bring these documents** (e.g. lecture schedule, day to day, power points, etc) to the first day of class. Bring a **copy of the care plan** to the first day of clinical/lecture.

*ALL students must have health clearance, malpractice insurance, and a valid CPR certification prior to the start of classes.* Students *will not be permitted in the clinical agency if proof of the above has not been submitted to the Nursing Department and it will be considered a clinical absence.* Please retain a copy of each of these as some of the clinical agencies require a copy of this documentation for their records.

There are interactive computer programs available in all computer labs on campus as well as the nursing lab: Cardiovascular, Respiratory, Gastrointestinal, Genitourinary, and Endocrine. Students may wish to use these programs during the summer and during the semester.

***All students are recommended to practice NUR 18 skills during the summer. A mandatory college lab practice will be scheduled prior to the beginning of the semester during assigned hours.***

***Reminder: Review NUR 17 content as students will be tested on drug calculations the first week of school. An 80% pass rate is required.***
