Quote of Week

“Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do. If you haven’t found it yet, keep looking. Don’t settle. As with all matters of the heart, you’ll know when you find it”

Steve Jobs

Career Tips Corner

Here are some quick tips for interviewing online:

- Make sure to have a neutral background, away from noises and distractions.
- Ensure your internet connection is set up and ready to go beforehand.
- Dress professionally from head to toe! Do not wear sweats or pajamas from the waist down because you never know if you have to get up during the interview.
- Practice! Practice answering interview questions on camera. Make a video and send it to a professional colleague, friend, or advisor for feedback.
- As with face to face interviews, make sure to have your resume with you, as well as a notepad & pen.
- Check out the Big Interview website for tips on how to answer common interview questions. (click on hyperlink to go to the site)
