Pharmacy Technician Externship
Students enrolled have a unique opportunity to work alongside an interdisciplinary team in a retail pharmacy, learning and practicing hands-on skills in this fast growing field. (70 hours)
See page 12 for more details.

Central Sterile Technician Externship
This course is entirely a hands-on training and practical experience at an off-site partner facility at which qualifying students can complete their required 400 clinical hours in order to be eligible to register for the CRCST examination.
See page 14 for more details.

Medical Billing and Coding Intensive
Medical Billing and Coding professionals play an essential role in the health care industry. The duties performed include medical insurance billing and coding, completing and submitting medical insurance forms, creating and maintaining medical charts, preparing reports and correspondence, scheduling appointments, and greeting patients.
See page 11 for more details.

Dental Assistant Program
KCC in partnership with CareerStep is offering the Dental Assistant program. Prepare for certification and kickstart a new career with an online Dental Assistant training. According to the Bureau of Labor Statistics, the middle 50% of working professionals earn about $37,630 a year, with annual raises and benefits.
See page 15 for more details.

Physical Therapy Aide Training Program
KCC in partnership with CareerStep is offering the Physical Therapy Aide training program. Physical therapy Aides provide support to physical therapists and their patients. They help patients check in, set up equipment, and often record patient progress. Physical Therapy Aides are some of the most in-demand workers in the growing healthcare industry, with job openings expected to increase 29.2% in the next 10 years.
See page 16 for more details.

Nutrition and Health Bundle
Nutrition has a profound impact not only on our health but also on our overall well-being. However, most people do not understand what foods they should eat, which diets are healthy for them, and where food comes from. This series is designed for healthcare workers, personal trainers, and individuals interested in a deep dive into the impacts of nutrition on our bodies.
See page 16 for more details.

Explore a Career in Healthcare Suite
The healthcare industry is booming. It is currently one of the fastest-growing industries in the United States and is expected to continue growing rapidly in the future. Many of the fastest-growing jobs don't even require you to be in a patient care role. Use this series to explore a career in several more healthcare administrative areas, including jobs as a Medical Coder, Medical Administrative Assistant, and Medical Transcriptionist.
See page 16 for more details.

Cannabis Training
The cannabis industry is creating thousands of exciting career opportunities yet a significant shortage of qualified professionals exists. Now gain the job skills you need to succeed as a dispensary agent.
See page 18 for more details.

Legal Studies with CSL by BARBRI
KCC in partnership with CSL by BARBRI, is providing a menu of offerings in legal studies to include advanced paralegal, employment law, legal secretary and many more. See page 17 for more details.

UX Fundamentals Microcredential Program:
Visual Design + Human Centered Design
The UX Design Microcredential is an immersive 10 week program and is a combination of live instruction and asynchronous learning. The course is focused on the fundamentals of Human Centered Design, and Visual Design.
See page 19 for more details.

Cyber Security
Learn Cybersecurity Live & Online! This 2-part class will prepare you to take the CompTIA Security+ and CompTIA CYSA+ exams.
See Page 20 for more details.

Property and Casualty
Beginning with general principles of risk management and insurance, this course will address the approved New York State Department of Insurance curriculum.
See page 21 for more details.

Life, Accident & Health Pre-Licensing
Pre-licensing training for Life, Accident and Health insurance testing prepares students for the state licensing exam through curriculum that meets the 40 hour pre-licensing requirement for New York State.
See page 21 for more details.

Certified Fiber Optics Technician
In one week of intensive training you could hold three Fiber Optic Association Certifications: Certified Fiber Optics Technician (CFOT), Certified Fiber Optics Specialist in Testing (CFOS/T), and Certified Fiber Optics Specialist in Splicing(CFOS/S).
See page 23 for more details.

Currency Trading Foundations
This course provides a foundation in the underlying methodology of trading in global currency markets, including the roles of participants and platforms who influence foreign exchange, cryptocurrency, and high-frequency foreign exchange. The course will examine different trading styles and overview the foundations of market participation.
See page 27 for more details.

Herbalism for Wellness and Longevity
Herbalism is an exciting field of study for those interested in holistic approaches to health and wellness. In this class we’ll talk about traditional uses of herbs across different cultures and also what cutting-edge science is discovering about plants every day. We will learn how to make our own remedies such as salves, tinctures, decoctions, and more!
See page 27 for more details.
We strive to provide you with flexible payment plans so that you can focus on your education and career plans. Please call us and we will assist you in making the right choice. Contact us at 718-368-5050 for more information.

## CEWD Scholarship Fund

## Department of Veterans Affairs
All veterans interested in obtaining information from the VA regarding their eligibility for funding need to have a copy of their DD-214 form and Certificate of Eligibility. For more information, visit the website: [https://www.va.gov/education/eligibility/](https://www.va.gov/education/eligibility/) to request official notification of education benefits.

## Independent Training Accounts- HRA
You may be eligible for the Independent Training Accounts through HRA. Please find your local representative here: [https://www1.nyc.gov/site/hra/locations/job-locations.page](https://www1.nyc.gov/site/hra/locations/job-locations.page)

## NYS & CSEA Partnership for Education and Training
To be eligible, review the website for applications that can be created online: [https://www.nycsae.org/](https://www.nycsae.org/)

## SNAP (Supplemental Nutrition Assistance Program)
SNAP (Supplemental Nutrition Assistance Program), please call (718) 368-4870 for eligibility and program requirements.

## Tuition Reimbursement
The College will accommodate requests for letters of support for reimbursement.

## Government Issued Vouchers
We accept most government issued vouchers. Please call (718) 368-5050 for eligibility and program requirements.

## Student Loans
Students may arrange a private loan to help cover educational expenses for certificate programs. The College does not recommend any specific lender or preferred lender arrangement. We recommend thoroughly investigating your loan options before making educational financing decisions.

## Tax Deduction of Expenses
An income tax deduction is permitted for expenses of education undertaken to maintain and improve professional skills. Please consult your accountant.

Financial resources available, click here.
STUDENT SUPPORT SERVICES

We strive to provide you with the support and services you need so you can focus on your education and career plans. Please call us and we will assist you in making the right choice.

Contact us at 718-368-5052 for more information.

CENTER FOR CAREER DEVELOPMENT & EXPERIENTIAL LEARNING

The mission of the Center for Career Development & Experiential Learning at Kingsborough Community College is to provide career services to students and alumni through career exploration, professional resources and programming.

Career Advisors are available to give students individualized assistance to develop career goals, including help with choosing a major, internships, workshops, and job search assistance. The Center offers workshops to students throughout the semester on a variety of career-related topics, including, but not limited to, resume, interview, workplace etiquette and networking.

In addition, the office provides a multitude of programs and events, such as job fairs, on-campus recruitment and information sessions, which allow students to explore various career opportunities.

Stay up to date regarding upcoming workshops and events with our weekly newsletter: http://www.kbcc.cuny.edu/career/documents/C102.pdf

ACCESS RESOURCE CENTER

Kingsborough Community College's Access Resource Center, the nation's first at a community college, is your one-stop place to get connected to government benefits and resources. Whether it's childcare, SNAP, clothing, or transportation, you can get a referral for what's available to you – where you live and when you need it.

Call 718-368-5411 or 6713.

They offer benefit screening, legal consultation, financial consultation and tax preparation too!

Additionally, they coordinate:
- Distribution of FREE vegetables grown on campus at the KCC Urban Farm
- Distribution of FREE food staples at the KCC Food Pantry
- Clothing donations
- Assistance with recertification of benefits
- Assistance obtaining other government resources and so much more!

TRAINING AND CAREER GUIDANCE

Unsure about what training or career best matches your skills?

At Kingsborough Community College, you can set your sights on the future you want!

Whether it is becoming a paramedic or UX designer, we have the certificate training programs for anyone who wants to find a new career pathway. With Future InSight, we can help you map out the steps you need to achieve your career goals. You may know exactly which job best matches your skills or maybe you are curious about a certain industry. We can help guide you to where you want to go.

Visit our site by clicking here!

ACCOMMODATIONS & ACCESSIBILITY

Requests for accommodations must be submitted with documentation of disability. Submit requests and documentation in advance of your class start date to ensure that reasonable accommodation requests can be processed in a timely manner. Accommodations may take 3-4 weeks to process.

Please contact Vickie DiMartino at 718-368-5669.

College Administration, in cooperation with NYCT Paratransit, has established 3 specific Access-A-Ride (AAR) stops at Kingsborough Community College. Each of these locations has specific GPS coordinates along with signage to aide in the successful connection of the AAR vehicle/driver and customer.

If you experience any difficulty during the reservation process, please ask to speak with a supervisor. Access-A-Ride 1-877-337-2017 / 718-393-4999

TEST PREPARATION

Prepare for admissions and placement tests online with our experienced instructors!
Our test prep programs are affordable and accessible. We offer a variety of practice materials, with high quality test simulations, designed to help students better understand the material and perform their best on their test!

SCHOLASTIC ASSESSMENT TEST PREP (SAT)

RTP 01 - SAT Preparation $300
Saturday / Jan 28 - Mar 4 / 9am-3:30pm
ON CAMPUS
An intensive course for high school students preparing for the SAT. Certified instructors provide review and practice under simulated test conditions to help prepare students for the verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session.

RTP 02 - SAT Math Preparation $175
Saturday / Jan 28 - Mar 4 / 9am-12pm
ON CAMPUS
An intensive MATH ONLY course for high school students preparing for the SAT exam. Instructors provide review and practice under simulated test conditions to help prepare students specifically with the MATH component of the exam. Students will explore study skills while receiving coaching and test-taking tips.

Next College Board SAT Exam date is on March 11, 2023
The Healthcare Institute is a division of Kingsborough's Office of Continuing Education, offering a dynamic set of certificate programs and stand-alone courses. All are designed to provide students with essential skill sets necessary for today's burgeoning healthcare industry. With decades of experience and training, our faculty provides high quality instruction across all the disciplines. Students who successfully complete certificate programs at the Healthcare Institute are eligible to take the National Healthcareer Association's certifying examinations, which are nationally recognized credentials in the Allied Health industry. Tuition for healthcare courses excludes textbooks, uniforms, scrubs/lab coats, exam fees and CPR/BLS certification unless otherwise noted.

IN-DEMAND HEALTHCARE PROGRAMS

MEDICAL BILLING & CODING

CTF 109 - Medical Billing & Coding Intensive $1,200 ONLINE
Tues - Wed - Thurs / Feb 7 - June 15 / 6:30pm-10pm
This course starts with an overview of professional billing, coding, and health insurance basics. The course consists of three parts. The first part will serve as a foundation for learning Medical Terminology, which you will use in a medical office or hospital setting. The second part will focus on the detailed learning of the Healthcare Common Procedure Coding System (HCPCS), including the Current Procedural Terminology (CPT) and the International Classification of Diseases (ICD), procedure and diagnosis coding required for billing and reimbursement in healthcare. Learners will practice a variety of coding exercises and scenarios. The third part will be an online computer laboratory to put together the concepts learned in parts one and two, where you will learn how to use the state-of-the-art medical office practice software.

CTF 26/27 - Procedures and Coding & Computerized Billing and Clinical Practice $900 ONLINE
Tues - Wed - Thur / May 3 - June 15 / 6:30pm-10pm - Current Medical Billing Students Only
This course covers CPT 4, a systematic linking and coding of procedures and services used in outpatient settings. This coding is required for billing and reimbursement by insurers. ICD-10-CM, the International Classification of Diseases, is used worldwide by many healthcare facilities. You will continue your study of office procedures and billing to include scheduling patients for laboratory, surgical and testing procedures, completing patient charts, and accounting practices using state-of-the-art medical software.

DATA ANALYTICS

RCL 100 - Python for Data Analytics $1950 ONLINE
Tues & Thurs / Jan 24th - April 13th / 5:45PM-8:45PM
In partnership with CanCode Albany, this course is designed for both students with no prior programming experience and those interested in learning new coding languages or applications. Students will learn fundamental programming concepts using the programming language Python, specifically as a tool for collecting, analyzing, and visualizing data. Python is one of the world’s most popular programming languages, and more businesses are introducing Python into their work. The course will take students through the basics of programming (variables, data structures, loops, conditionals, etc.), and into Python Libraries for data analysis (Numpy, Matplotlib, etc). Basic statistics will also be covered to help students interpret data, such as basic summary statistics and how to recognize common statistical distributions. All this will culminate in the analysis and visualization of real data sets of the student’s choosing. Certificate of completion

Tuition: Free for individuals who are income qualified. Click here for more details.

In recent years, Python has seen a huge increase in jobs. There are currently more than 10,000 job advertisements worldwide on Glassdoor for Python-related roles, with Indeed having around 14,000 roles. Compared to the roles related to Java, Indeed currently has nearly double the amount for Python which only goes to show how big the Python job market is at the moment.
75-Hr. New York Salesperson Real Estate License Package
Candidates must pass the New York state-approved courses totaling 75 credit hours. Once this is completed, the student is allowed to sit for the New York Salesperson Licensing Exam. Click here to learn more and review pricing of packages.

NEW YORK STATE REQUIREMENT
DETAILS FOR REAL ESTATE PRE-LICENSING EDUCATION
Hours Required by the State: 75 hours
Effective 12/21/2022: individuals applying for a real estate salesperson license will require 77 hours of pre-licensing education.
Seat Time: The New York Department of Real Estate requires that all students spend a minimum amount of seat time engaged in the course content. Our online course delivery system manages this requirement for you.
Pre-Licensing Final Exams: Final exams must be passed with a minimum of 70% and may be taken a maximum of two times. All final exams must be physically proctored in the State of New York.

INSURANCE LICENSING
New York State Insurance Law, Sections 2103, 2104 and 2108, requires an individual seeking an insurance license to complete a prelicensing course approved by the Superintendent of Insurance. Kingsborough Community College is approved by the Department of Financial Services to teach these approved courses.

CHILD CARE ADMINISTRATION

Childcare Administration Program $3,999 ONLINE
KCC in partnership with CareerStep is offering this child care administration course which has been designed by early childhood education (ECE) experts and experienced industry professionals. You’ll gain the skills, knowledge, and best practices needed for teaching young children, working in child care centers and preschools, and running your own home-based business. Our comprehensive curriculum trains you on child development and education, health and safety, nutrition and food management, parent and family relations, and child care center management. Because our program is aligned with the Child Development Associate (CDA) certification, you’ll be ready to take and pass the exam immediately upon completing your training. Click here to register and learn more!
Certified Wedding Planner $1,595 ONLINE
9 month access / 340 hours
In this course, you will master the fundamentals of planning, orchestrating, and delivering stunning weddings and parties. This course allows you to earn your certification as a professional Wedding Planner and will give you an opportunity to put your new skills to work in an optional internship. Lastly, it includes the opportunity to receive notifications on internships in your area to get hands-on experience.

Veterinary Assistant Intensive $900 ONLINE
Mon - Tues - Wed - Thur / Jan 17 - Mar 20 / 6:30pm-10pm
This intensive series provides the four courses that are designed to prepare you for a career in animal care. This program includes veterinary terminology, medical and surgical procedures, office administration functions, becoming a vital part of the animal care team and more. This program also focuses on client communications, best practices in animal care, and the roles of each member of the animal care team.

Note - Some required class hours will be held at an off-site animal care facility.

PET SITTING BUSINESS

Start a Pet Sitting Business $115 ONLINE
6 week course access starting January 18th / 24 hours
Discover how you can turn your love of animals into a profitable pet-sitting career. This course covers everything you need to know about caring for pets, from nutrition, exercise and first aid and everything that goes into starting a successful business. You'll begin with pet care, including nutrition, exercise, first aid, and the identification of common diseases. You will learn the basics of first aid and find out how to administer pills, liquid medications, and injections to an uncooperative cat or dog. You will discover how to handle home visits and impress your potential clients.

EVENT MANAGEMENT AND DESIGN

Event Management and Design $1,995 ONLINE
6 week course access starting January 18th / 120 hours
This online training course will equip you with the knowledge and skills to advance your career if you are already working in the special events field or prepare you to enter the profession with an understanding of the industry. You will build a foundation that you can use to develop and accelerate a career in special events or start your own special event business.
Kingsborough Community College is a New York City Department of Buildings approved Site Safety Training (SST) Provider. Courses offered in English and Russian. SST and SST cards will be issued when all requirements are met as prescribed by the DOB.

With a valid OSHA 30 card you have the option of taking only the courses you need to receive the SST card. Group pricing available for employers with 5 or more employees.

Email Vickie DiMartino Vickie.DiMartino@kbcc.cuny.edu or Call 718 368-5050 for more information.

VTT 23 - 30-Hour OSHA Construction $300
ON CAMPUS
Tues, Wed, Thurs / Jan 10 - Jan 19 / 5pm – 10pm
- Understand the OSHA Act, the functions and resources of OSHA
- Become aware of the OSHA inspection priorities and describe the inspection process
- Hazards of chemicals and electrical
- Flammable and combustible liquids and gasses

To maintain a healthy and safe work environment, OSHA requires employees in various industries to participate in workplace safety training. See the benefits of instructor lead training in our 30-hour OSHA safety course that will address specific regulations as they apply to the General Industry and help you meet your workplace training requirements in an interactive setting with peers and your professor.

The OSHA training program for general industry provides training for workers and employers on the recognition, abatement, and prevention of safety and health hazards in the workplace. The program will also provide information regarding workers' rights, employer responsibilities, and how to file a complaint.

- 2-Hour DOB General Electives
- 2-Hour DOB Specialized Electives

METAGENOMICS AND LARGE DATA SETS ANALYSIS

CTF 125 - Metagenomics Discovery Challenge $325
To Be Offered Spring 2023 Semester

Metagenomics Discovery Challenge (MDC) – is a certificate-based course. The course is offered online and it will be using Team-Based Learning and Open Educational Resources. It doesn’t have any prerequisites, but a background in biological sciences or computer science would be helpful. Students will learn to do bio-surveillance on metagenomic datasets, identifying fungal (and other micro-eukaryotic), bacterial, archaeal, and viral sequences within these datasets. This will reinforce the fundamentals of computational biology utilizing the Next Generation Sequencing (NGS) technology and computational tools important in determining metagenomics data sets. At the end of the course, students will create a 3-5 minute video using available resources to explain the tools they’ve learned, the importance of viral discovery, and antibiotic resistance, and their discoveries.

For more information please contact: Professor Dr. Dmitry Brogun - Dmitry.Brogun@kbcc.cuny.edu.
PERSONAL ENRICHMENT

NOTE TO PARENTS
In order to drive on campus, parents must purchase a winter parking permit for $22. Permits are available on a first come, first served basis. If you do not have a parking permit, please arrange for your child(ren) to meet you at a pre-designated location.
KCC will NOT be liable for the loss or theft of any personal property.
We encourage parent’s to write his/her child’s name on any materials brought to class.
COVID Policy: In order to have entry onto the campus, all parents/guardians are required to complete the visitors Cleared4 registration prior to the child’s start date. Cleared4 registration instructions will be provided during registration. Authorized parents/guardians will show form of ID and their Cleared4 pass to security to gain access to campus.
In the event of an emergency, where authorized parent/guardian cannot be present to pick-up a child, CFK staff will communicate with security staff for the best course of action regarding adult’s permission. However, adults are asked to be prepared to have and show proof of vaccination and identity at all times.
