

**HONORS PROGRAM ACADEMIC OFFERINGS  
SPRING 2009**

**Registration Directions:** You can register online for any of the courses listed below if you have an Honors code in your student registration profile. **First-time Honors course registrants** must see the Honors Program staff, Mrs. Tzila Waksman or Mr. Ben Stewart, in M377, to secure an Honors registration designation and receive assistance with registration. They are in the office Monday through Thursday from 9:00-5:00 p.m. and on Friday from 11:00-2:00 p.m. **Returning Honors students** who have questions can speak with Mrs. Waksman or the Honors counselor, Mrs. Birzin, who is in the office every Monday and Thursday from 9:30-1:30 p.m. She can also be reached by phone at 718-368-5365 on those days, or by email anytime at [Janebirzin@aol.com](mailto:Janebirzin@aol.com). **NOTE: All students are required to see an academic advisor before they register for an Honors course.**

**HONORS COURSE OFFERINGS**

Honors courses are designed to foster critical thinking, improve speaking and writing skills, and examine subject matter more deeply than a regular course. They generally do not require students to do more work; instead, these courses challenge students to work at a more sophisticated level and in a more independent manner.

## **HONORS ENRICHMENT COMPONENT COURSES**

These courses are regular college offerings open to Honors and non-Honors students. The instructor will conduct an HEC if there are five or more students interested in doing the extra work required to earn Honors credit for the course. Students who successfully complete the additional work will receive an Honors notation on their official transcript. **HEC registration will be conducted by the instructor after the term begins. NOTE: This list is not comprehensive. Additional courses may be added if warranted by the Honors Program director.**

## **HONORS CONTRACT PROJECTS**

Students who cannot find an Honors class that fits their schedule and/or degree program, have the option to contract with a professor from a course in which they are currently enrolled to conduct an independent study project, usually resulting in a typed paper, minimum of 1200 words using Times New Roman, 12-point font, with documentation appropriate to the discipline, or a visual project with a 1-2 page written summary of project learning outcomes. The Honors Contract Project (HCP) is initiated by filing an HCP Form, available in the Honors House in M377, prior to beginning the project. The HCP is done in addition to regular coursework. Upon successful completion of the project, deemed as earning a grade of “B+” or higher as judged by the professor and the Honors Academic Liaison from the appropriate department, an Honors notation will be added to the course on the official college transcript. **NOTE: An Honors Contract Workshop will be conducted at the start of each term for students considering such an option. Please contact the Honors House staff (Room M377, 718-368-5365) for the dates of the workshop.**
