| I. SPECIAL ACTIONS | |
| Department of Allied Health, Mental Health and Human Se | ervices |
| A.A.S. Physical Therapist Assistant | |
| HEGIS: 5219.00 | |
| Program Code: 88328 | |
| Change: Admission Criteria | |
| <u> </u> | |
| FROM: | TO: |
| Minimum overall grade point average of 2.80. Successful completion of the following prerequisite courses: ENG 1200, PSY 1100, MAT 2010 or MAT 2000, and BIO 1100 for consideration for the program. Courses from other colleges to be applied toward program requirements must have grades submitted for them. | Minimum overall grade point average of 2.80. Successful completion of the following prerequisite courses: ENG 1200, PSY 1100, MAT 2010 or MAT 20B0 or MAT 2000, and BIO 1100 for consideration for the program. Courses from other colleges to be applied toward program requirements must have grades submitted for them. |
| In addition to completing the prerequisite courses, students must complete a minimum of 25 hours of exposure to physical therapy services, provide a letter of recommendation from a physical therapist working in the exposure facility, and submit a writing sample on an assigned topic. | In addition to completing the prerequisite courses, students must complete a minimum of 25 hours of exposure to physical therapy services, provide a letter of recommendation from a physical therapist working in the exposure facility, and submit a writing sample on an assigned topic. |
| Top candidates are interviewed by a panel of faculty and complete the Health Occupations Aptitude Examination (HOAE). | Top candidates are interviewed by a panel of faculty and complete the Test of Essential Academic Skills (TEAS). |
| Students who have been administratively dismissed from a Physical Therapist Assistant program at a previous school are not eligible for admission to the Physical Therapist Assistant program. | Students who have been administratively dismissed from a Physical Therapist Assistant program at a previous school are not eligible for admission to the Physical Therapist Assistant program. |
| The admissions process is a competitive process and not all applicants are granted admission to the program. Students interested in the program should contact the Director of the PTA Program, S-128. | The admissions process is a competitive process and not all applicants are granted admission to the program. Students interested in the program should contact the Director of the PTA Program, S-128. |

| A.A.S. Surgical Technology | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| HEGIS: 5211.00 | |
| Program Code: 29509 | |
| Change: Admission Criteria | |
| | |
| FROM: | TO: |
| Minimum Entrance Requirements: | Minimum Entrance Requirements: |
| To be considered for the Surgical Technology Program, | To be considered for the Surgical Technology Program, students must comply with the following: |
| students must be English and Math proficient as determined by the CUNY Proficiency Index, unless otherwise exempt, or have successfully completed any required developmental or corequisite model course(s). | 1. Must be English and Math proficient as determined by the CUNY Proficiency Index, unless otherwise exempt, or have successfully completed any required developmental or corequisite model course(s). |
| The student must achieve a minimum grade of "C" in BIO 1100 and ENG 1200 for consideration for the program. Courses from other colleges to be applied toward program requirements must have grades submitted for them. | 2. Complete the following three courses, BIO 1100, ENG 1200, and ST 990 with a minimum grade point average of 2.40. Students must earn a minimum grade of "B" in either BIO 1100 or ST 990 and cannot earn below a grade of "C" in any of these three courses. |
| | 3.The admissions process is a competitive process and not all applications are granted admission to the program. Top candidates participate in a formal interview with the Surgical Technology Faculty Panel. |
| In order to apply for the Surgical Technology program, the student must complete the Surgical Technology Program Application and submit to the Program Director. Applications are reviewed by the Program Director after final grades have been recorded for the semester. The Program Director will send a letter of acceptance of denial before the start of the semester in which the student applied. | In order to apply for the Surgical Technology program, the student must complete the Surgical Technology Program Application and submit to the Program Director. Applications are reviewed by the Program Director after final grades have been recorded for the semester. The Program Director will send a letter of acceptance of denial before the start of the semester in which the student applied. |

| Due to limited clinical site availability, enrollment in the Program is limited. Therefore, completion of the prerequisite courses with a minimum grade of "C" is not a guarantee of admission into the Surgical Technology Program. | Due to limited clinical site availability, enrollment in the Program is limited. Therefore, meeting the minimum grade requirements is not a guarantee of admission into the Surgical Technology Program. |

| Beginning level clinical nursing students are introduced to basic nursing knowledge and skills including dependent, independent and interdependent functions of the nurse. This course is designed to introduce the beginning student to the following concepts: Quality and Safety for Nurses (QSEN) Initiative incorporating patient centered care, teamwork and collaboration, evidenced based practice, safety, quality improvement and informatics, the nursing process, and the Categories of Client Needs. Classroom instruction and laboratory sessions, at the college and in selected health agencies, are held weekly throughout the semester. During the college laboratory, concepts and principles discussed in previous classes are used as the basis for performing therapeutic nursing interventions. The health agency experiences are utilized to extend learning. Each clinical experience is preceded and followed by a conference where the expected student learning outcomes are discussed and evaluated. Individual and group assignments are utilized for laboratory experiences. Class work for the typical week consists of: four (4) classroom instruction, two (2) hours college laboratory and seven (7) hours health agency experiences. It is mandatory for students to engage in additional practice for the development of skills. Provisions are available for additional time in the college laboratory for practice. | Beginning level clinical nursing students are introduced to basic nursing knowledge and skills including dependent, independent and interdependent functions of the nurse. During the college laboratory, concepts and principles discussed in previous classes are used as the basis for performing therapeutic nursing interventions. The health agency/clinical simulation experiences are utilized to enhance learning. Each clinical experience is preceded and followed by a conference where the expected student learning outcomes are discussed and evaluated. Individual and group assignments are utilized for laboratory experiences. Class work for the typical week consists of: four (4) classroom instruction, two (2) hours college laboratory and seven (7) hours health agency/clinical simulation experiences. It is mandatory for students to engage in additional practice for the development of skills. Provisions are available for additional time in the college laboratory for practice. |
