

## Seasonal Urban Farming

The Kingsborough Urban Farm is a high production, year-round site on the Kingsborough campus with a hoop house and a composting system. Participants will develop expertise in the rapidly expanding local food economy and will gain valuable hands-on experience and ground-level knowledge of the farm-to-table production chain.

### VTO 28 Urban Farm Training Program

TueThur 4-8pm May 8-June 14 \$200

Learn the practical knowledge needed to grow and harvest an urban garden. This course will also cover basic skills such as building raised beds, soil conditioning, plant propagation and planting and harvesting to get them on their way to producing their own fresh herbs, greens, fruits, and vegetables.

*Materials fee: \$20*

### VTO 29 Feed Brooklyn: Exploring & Creating Micro Food Businesses

Tue 6-8pm June 5-June 26 \$75

Learn about small food enterprises in Brooklyn. We will explore national and local multi-media coverage of artisanal producers, and discuss the basic elements needed to shape a popular and local company. This course will include guest speakers, readings and new food media.

### NHB 37 Flower Farming for Production

Sat 10am - 3pm June 16 & 23 \$80

Interested in growing cut flowers? Intrigued about varieties of flowering perennials, annuals, woody shrubs and grasses ideal for cut flowers and bouquets? This two-day course will cover seed and plant selection, crop planning for continued harvest and post harvest handling of cut flowers and bouquet making 101.

*Materials fee: \$20*
