

# Liberal Arts - Philosophy Concentration, A.A.

HEGIS: 5649.00

PROGRAM CODE: 01044

PROGRAM DIRECTOR: Dr. Jacob Segal

CONCENTRATION COORDINATOR: Dr. Rick Repetti

The Liberal Arts AA degree provides a foundation in general studies through exploration of an array of subject areas under liberal arts and sciences. Concentrations provide students opportunity to focus in a specific area. Courses promote development and application of effective communication skills, quantitative and scientific reasoning, critical thinking and analysis, and applying knowledge of human cultures, language and the natural world to issues experienced across diverse communities. The degree provides opportunity for transfer to baccalaureate programs.

The Philosophy Concentration examines fundamental questions about knowledge, reality, and values, such as: How can I know what is true? When am I justified in believing anything? Do morals really matter, or are they just tools of social control? How should I live? Does life have meaning, or do we just make it up as we go along? The Concentration provides foundational courses designed to cultivate deep, critical, and logical engagement with complex philosophical problems.

The curriculum presented here applies to students who started the major in Fall 2025 or Spring 2026. If you enrolled as a matriculant prior to that, please see the *College Catalog* for the year you started the major as a matriculant for the curriculum requirements that apply to you.

***Consultation with the Program Advisor is required.***
