## COLLEGE OVERVIEW

### Location, Degrees, Accreditation

Founded in 1963 and part of The City University of New York (CUNY) system, Kingsborough Community College's beautiful 70-acre waterfront campus is located in Manhattan Beach, on the southern tip of Brooklyn, New York. Kingsborough Community College (Kingsborough) is located at 2001 Oriental Boulevard, Brooklyn, NY 11235-2398.

Selected from a pool of more than 1,000 community colleges nationwide by the Aspen Institute, Kingsborough Community College offers a wide range of credit and non-credit courses in the liberal arts and career education to all students with a high school diploma or GED. This is followed by a 6-week Winter module which ends in February. A 12-week Spring session starts at the beginning of March, and ends in the middle of June. This is followed by a 6-week Summer module which continues until the end of July.

Kingsborough offers a number of programs for special populations including the “My Turn” program, which allows New York City residents, age 60 or older to attend college tuition free; “College Now,” a unique partnership with area high schools to prepare students for college-level work that is now being replicated by colleges throughout the city; and “New Start,” which offers students who have had difficulty in college a second chance to successfully complete college. Effective 2019, Kingsborough launched KCC Flex, to offer evening, weekend, and online classes to attract adult and non-traditional students, with some college and no degree.

## **Mission**

Kingsborough shares and extends the proud tradition of the City University of New York, which historically has served the educational, social and vocational needs of the City of New York and continues to do so. The College maintains an open admissions policy serving a culturally diverse community reflective of one of the most international cities of the world. Despite their differences, all of our students share in a college-supported value system that includes choosing a vocation that will provide for themselves and their families, a search for self-fulfillment, participation in and contributions to their communities, curiosity in their world, and a search for greater empowerment in their own lives.

Kingsborough serves a geographic area that is defined largely by the realities of commutation (distance, time and cost). Every attempt has been made not to duplicate programs and services that are offered at its sister schools within the CUNY system. Although it offers what amounts to a core curriculum of liberal arts courses that have been articulated with the senior colleges within the CUNY system, it still maintains a focus on specialized courses, curricula, and programs that meet the cultural and educational needs of the surrounding community. Consequently, KCC has developed concentrations in such areas as business, early childhood education, human and public services, health and related services, and marine science and technology.

Kingsborough offers students the opportunity to accelerate their programs of study through the structure of its academic calendar. The fall-winter semester consists of two units, one 12 week required module, and one six-week optional module. The spring-summer semester follows the same structure. A major benefit of this calendar is that it permits students to progress through their chosen programs of study and earn an associate's degree at an individual pace. This calendar also makes possible completing remedial courses, where necessary, during either the 12 week or six week modules.

Kingsborough has initiated and continues to support several major collaborative programs that have drawn the college closer to the secondary schools with college now, diploma now, and the Kingsborough high school for the sciences. It offers a bilingual program, a college discovery program and a liberty partnership program.

*Defining conduct that constitutes prohibited Sexual Misconduct;*

*Providing clear guidelines for students, employees and visitors on how to report incidents of Sexual Misconduct and a commitment that any complaints will be handled respectfully;*

*Gathering and analyzing information and data that will be reviewed in order to improve safety, reporting, responsiveness and the resolution of incidents. This is the sole policy at CUNY addressing Sexual Misconduct and is applicable at all college and units at the University. It will be interpreted in accordance with the principles of academic freedom adopted by CUNY’s Board of Trustees.*

### DATA SOURCES FOR THIS REPORT

#### Employee Data

The main data source for current employees is an extract from CUNY's system of record, CUNYFirst, of full-time active employees as of June 1, 2019 (downloaded in early July). The population includes individuals on selected paid leaves, such as medical leave or fellowship/sabbatical leave. We do not include individuals on retirement/terminal leaves, student workers or individuals employed by CUNY's separate Research Foundation.

CUNY's employees are invited to self-identify as members of protected groups. Employees may update their selection at any time via an Employee Self-Service portal, and the College last conducted a self-identification canvas in May 2018. It contacted employees via email, providing instructions and a Question and Answer document explaining the reasons behind collecting self-identification data, and stressing that providing this information was voluntary. The next comprehensive canvas is scheduled for 2020.

The same choices are available to job applicants, who are invited to self-identify using the job application portal in CUNYFirst.

## Self-Identification Categories

To evaluate representation by race/ethnicity, we use federally-mandated categories:

- Total Minority – total of all groups other than White, reported as a single category
- Asian – consolidates choices of Asian, Hawaiian, and Other Pacific Islander
- Black/African American
- Hispanic/Latino
- White

American Indian/Alaska Native and Two or More Races are included under Total Minority but not separately reported. Hispanic/Latino is a choice that has priority, so, if for example a person identifies as both Hispanic/Latino and Asian, they are recorded as Hispanic/Latino, and not as Two or More Races.

We also ask for identification of Italian American ethnicity consistent with University legal settlements dating to the 1990's. Information on Italian Americans is analyzed in a separate Italian American Affirmative Action Plan. To retain overall comparisons to individuals in federal categories and to prevent double-counting, Italian Americans are not included in the Total Minority category in either plan. If an individual identifies in a federally-protected race/ethnicity and as Italian American, we default to the federally-protected race/ethnicity, again to prevent double counting.

To evaluate representation by gender, we use federally-mandated categories of Male and Female. Our system captures non-binary general identification but only individuals identifying as “female” are included in the protected gender category.

Of a total of **928** employees, they self-identified as follows:

- Gender:
  - 504 Female,
  - 423 Male,
  - 1 Other/Unknown gender.
- Race/Ethnicity:
  - 439 Total Minority, 64 Asian, 228 Black/African American, 134 Hispanic/Latino,
  - 488 White.
- Individuals with Disabilities – 10 employees.
- Veterans – 13 employees.

Anyone who did not specify a gender and/or ethnicity is included in the Workforce Analysis but not assigned to a protected group for further analyses.

## Labor Market Source Data

One of the required reviews is a comparison of the employee population with the Labor Market from which the college would reasonably recruit, train, or promote. The University re-calculated availability for this year's report. Given that estimates were substantially updated for this cycle; some availability estimates are materially different from those in prior plans. The following is a general summary of data sources for this year's report as compared to the previous plans.

<b>Used for This Report</b>	<b>Used for 2017 and 2018 Reports</b>	<b>Impact</b>
<p>For internal candidates, CUNY-wide review of employee appointments over 2016-2017 and 2017-2018 to determine weighting and feeder jobs.</p> <p>Employee population based on June 1, 2018 census (start of last plan year).</p>	<p>Based on various reviews performed between 2011 and 2015.</p> <p>Last updated in 2015.</p>	<p>Advances data by between three and seven years, depending on group.</p>

<p>Faculty discipline estimates based on the US Dept. of Education's National Center for Education Statistics' Integrated Post-Secondary Education Data System (IPEDS) completion data for 2015-2016 (final). ## WORKFORCE ANALYSIS

The Workforce Analysis is a review of overall representation of females and minorities by division, department and title/rank. It is presented by job title in a hierarchical order so that higher paid/higher ranked jobs are listed first. It is used to evaluate diversity by organizational unit rather than job group.

Due to length, Workforce Analysis charts are not included here.

## JOB GROUPS, DISCIPLINES, AND MARKET DATA

This section summarizes design issues underlying the analyses.

### Job Groups

With the exception of the Workforce Analysis (reviewed by department), we analyze data by job group (jobs with similar duties, qualifications, and other conditions of employment). The University establishes the job groups and reviews them annually. These are detailed in **Appendix C**, with a summary at the end of this section.

Each employer defines its own job groups, but all groups can be summarized into larger, standard categories which are referred to as EEO-1 categories.

This year, the University made the following updates:

- The Peace Officer groups were adjusted so that there is a Campus Security Assistant job group and a Campus Peace Officer job group. Previously, Campus Peace Officer-1 was comprised of Campus Security Assistant and Campus Peace Officer Level 1, and Campus Peace Officer Level 2 was in a separate group. It was determined by consulting with the University's Civil Service Unit that the adjusted groupings more closely reflected duties and qualification requirements.
- The title of Supervisor – Maintenance and Labor was moved from “Skilled Trades Supervisory” to “Craft-Buildings and Grounds” recognizing that this title does not supervise titles in the Skilled Trades and has different qualification requirements.
- The University introduced three new titles to the Broadcast/Media Job Group related to Media and Production.
- The University introduced other titles, most in the executive ranks, assigned to job groups as appropriate.

### Disciplines

We conduct an additional level of review for Faculty and College Laboratory Technicians with groupings based on discipline. With few exceptions, faculty departments are assigned to disciplines within the Classification of Instructional Programs (CIP), previously described. Discipline for College Laboratory Technicians was determined by assigning departments to either a Scientific/Engineering/Technical group or a General group.

This year, the discipline of “Public Administration and Social Work” was split into its component parts at the request of units with large departments in these disciplines.

**Appendix D** presents a listing of faculty disciplines with the underlying academic departments at the College, noting any necessary exceptions.

## Labor Market Availability Calculations

Labor Market Availability is an estimate used to benchmark utilization of protected groups. It represents the proportion of each protected group available for employment in the labor market from which we recruit (internal or external). CUNY typically reviews Labor Market Availability every other year, and revised the estimates for this plan.

**Appendix C** and **Appendix D** referenced above provide details about the basis of availability calculations for each job group and discipline.

### *Internal Labor Market*

The internal labor market is considered to be University-wide and currently reflects the full-time employee population. Estimates were based on a review of 2016-2017 and 2017-2018 job moves of CUNY employees. The result is an estimated weighting of internal hiring by job group and identification of feeder jobs and conditions (such as permanency status). We identified feeder jobs regardless of the official promotional path. Outliers were excluded.

The availability calculations are based on the Census Date of the last plan year, June 1, 2018, a reasonable estimate of the available internal market between June 1, 2018 and June 1, 2019. This June 1, 2018 census consisted of 20,504 full-time employees.

### *External Labor Market*

Estimates for the external markets vary by job group. The following factors are used:

#### Internal/External Weighting

The external weighting is based on the review of internal hiring as described above.

#### Geography

Geography varies by job group and is based on CUNY policy as well as a review of CUNY experience. One of the following geographic labor markets is used:

- A national labor market is applied to the following groups: Administration 1 – Executive, Faculty – Professorial, and Faculty – Instructor Rank. This is consistent with CUNY policies that it should recruit as broadly as possible in these groups; CUNY also can offer relocation assistance for hires in these groups.
- For Faculty in the Lecturer group, a two-state region of New York and New Jersey is utilized because IPEDS completion data is only available by State and recruiting is regional rather than national.
- A New York State-only labor market is applied to the following groups, as due to statute, New York State residency is required for appointments to titles in these groups:
  - College Security Assistant
  - Campus Peace Officer
  - Campus Public Safety Sergeant
  - Security Manager

- The New York/New Jersey Metropolitan Statistical Area (MSA) will be utilized as the labor market for all remaining non-faculty job groups. A review of hires in the past year indicates that 98.6% of new hires in these groups reside within this MSA. This area represents a large and highly diverse population.

#### Qualifications – Other than Collegiate Faculty

- Occupational Group – CUNY compared the Standard Occupational Classification assigned to every job title with the available Census Occupational Codes and determined those codes that would best represent the labor market.
- Degree Requirements – Degree requirements were applied based on the minimum degree requirement for the lowest-ranked job in the job group. These range from No Educational Requirement through Master’s Level degrees for non-faculty.
- Experience Level – in a few cases where there is a requirement for a specific number of years of experience following a degree, we used age as a proxy, utilizing standards created for Census data; for example, a Bachelor’s degree assumes a standard age of 21, so a Bachelor’s degree plus four years of experience would correspond to a minimum age of 25.

#### Qualifications - Collegiate Faculty – Federal Plan

Collegiate Faculty are assigned to the Professorial, Instructor, or Lecturer job groups. Availability for these groups in the federal plan is based on a combination of degree requirements and academic discipline.

- Degree Requirements – these are applied as follows:
  - Professorial – Doctoral Degree
  - Instructor – Master’s Degree
  - Lecturer – Bachelor’s Degree or Master’s Degree.
- Discipline -- Within each Faculty job group, we analyze utilization by academic program or discipline. The University codes its disciplines using the US Department of Education’s “Classification of Instructional Programs” (CIP). We assign an academic discipline to each academic department using the CIP coding, usually at the 2-digit level (major category). On an exception basis, we either calculate a blended labor market availability for interdisciplinary programs, or create an exception assignment of individual faculty to specific disciplines. Where multiple departments are assigned to the same discipline we may also review a break-out by department within discipline.

#### Qualifications – Collegiate Faculty - Italian American Plan

Discipline-specific data is not available for Italian-American ancestry and instead we utilize American Community Survey data for Professorial Faculty, Instructor Faculty, and Lecturer Faculty in consolidated groupings.

## UTILIZATION ANALYSIS

We evaluate utilization of females and total minorities by job group as compared with the estimated labor market. While required only for the Total Minority category, CUNY has traditionally included a review by protected ethnicity. The resulting groups are:

- Female
- Total Minority
- Asian/Hawaiian/Other Pacific Islander
- Black/African American
- Hispanic/Latino

There must be at least five incumbents in order to evaluate a job group. Job groups with 30 or fewer employees produce results that are less reliable, and more variable, than job groups with larger populations.

We report underutilization where the utilization of individuals in a protected group is more than 20% below labor market and where the difference can be expressed as at least one full-time equivalent employee.

Job groups and disciplines for which there is underutilization are considered priorities for placement goals and enhanced outreach when there are hiring opportunities.

**Appendix E** details the utilization/underutilization of each individual Job Group/Affirmative Action Unit and Academic Program/Category (Faculty and College Laboratory Technicians).

Changes in utilization from year to year may arise from multiple factors. Obviously, updates to availability calculations and job groups will have significant impact, but other factors include actual hires, promotions, and separations. It is usually not possible to pinpoint a single, direct cause. In job groups with small numbers of employees, utilization may change substantially even if only single employee is replaced.

The following factors in updating Labor Market Availability may have an impact on underutilization results:

- Change in timing of external data – moving our basis for comparison to more recent years
- Change in internal/external hiring patterns – including the ratio of internal to external hires and the types of jobs from which we recruit internally
- Change in composition of job groups and the mapping of occupational codes to job groups.
- Change in designated geography.

The following Exhibit summarizes staffing and underutilization for each job group at the College with a comparison to the previous year.

## Exhibit: Summary of Underutilization and Goals

### Exhibit: Summary of Historical Changes in Underutilization -Staff and College Lab Techs

#### Kingsborough CC

This is a summary of underutilization of protected groups by Job Group, organized by EEO Category. Only those Job Groups with five or more staff are reported.

This summary provides three measurements:

-2018: Underutilization reported in the previous plan (i.e., last year, calculated with last year's staffing and last year's Labor Market Availability estimates).

-2019: Underutilization reported in the current year (i.e., this plan, calculated with this year's staffing and updated Labor Market Availability estimates).

-A hypothetical underutilization were CUNY still using last year's Labor Market Availability estimates with this year's staffing. This measurement provides insight into the impact of changes in Labor Market Availability estimates on underutilization calculations (i.e., changes which are not due to outreach, employee turnover, or other college-specific factors).

Also, in 2019 the arrangement of job groups for security staff has changed. The 2018 figures reflect the prior organization (job groups named CPO-1 and CPO-2) and the 2019 figures reflect the new organization (Campus Security Assistant and Campus Peace Officer). The prior CPO-1 group contained Campus Security Assistant and Campus Peace Officer Level 1 only and CPO-2 contained Campus Peace Officer Level 2 only). The new groups are Campus Security Assistant and CPO (both CPO-1 and CPO-2 titles).

Other Changes for 2019:

-Librarians are reported in a separate Job Group. In 2018 they were reported with Professorial faculty.

-The former discipline of Public Administration and Social Service Professions was separated into two disciplines: Public Administration and Social Service Professions. 2018 numbers are reported under the combined discipline, and 2019 numbers are reported separately.

## Utilization, Underutilization, and Placement Goals

A number of concurrent factors may influence changes in underutilization and it is not always possible to pinpoint an exact cause.

The fact that the University updated job groupings and Labor Market Availability for this plan year might influence findings for some groups, although typically these changes are not major. Employee turnover and opportunities to hire may also influence findings, especially with smaller groups. Also, other possible factors: individuals joined either from lower or higher groups, hired from other colleges or the result of an outside hire.

- For *Administration 1*, we saw an increase in total staff by 2. There were no changes reflected for gender and/or in any of the minority groups.
- For *Administration 2*, we saw an increase in total staff by 4. The underutilization of Asians increased by 2 since 2018.
- For *IT Computer Manager*, there were no changes reflected in the total number of staff. The underutilization of Hispanics increased by 1.
- For *Accountant*, we saw no changes in the total minority.
- For *Administration 3*, there was an increase in underutilization of Asians (0–6).
- For *IT Computer Professional*, there was an increase in underutilization of Asians (2–4).
- For *Administrative Assistant*, we saw a decrease in underutilization of Hispanic/Latino (4–3).
- For *Office Assistant*, there was an increase in the underutilization of Asian (1–3) and Hispanic/Latino (2-5).
- For *Basic Crafts-Buildings and Grounds*, there was an increase in underutilization from 1-2 for Hispanic/Latino.
- For *Laborers and Helpers*, we saw an increase in the underutilization of Asian (0-1) and Hispanic/Latino (0-2).
- For *Skilled Traders*, we saw a decrease in the underutilization of female (1-0).
- For *Administration 4 (College Lab Tech) - Other*, there was an increase in the underutilization of Total Minority from 0 to 3.
- For *Administration 4 (College Lab Tech) – Sci/Tech/Eng*, there was an increase in the underutilization of Asian from 0 to 1.
- For *IT Support Technician*, there were no changes reflected.

- For *Print Shop*, there was a decrease in the underutilization of Female from 2 to 1.
- For *Campus Peace Officer*, there was a decrease in the underutilization of Asian (2–1).

#### OTHER ANALYSES

#### Personnel Activity

We review personnel actions for adverse impact (personnel decisions made at substantially different rates for different groups). We report activity for those groups which have a material number of actions and/or applicants over the previous plan year.

**Appendix F** provides detail on personnel activity by Job Group, rolling up to larger EEO-1 categories:

- Job Actions by Gender and Ethnicity
- Faculty Tenure Actions by Gender and Ethnicity (by department and by job group).

We compared employee title changes between reference dates (i.e., June 1, 2018 and June 1, 2019). The reports track hires, moves to a higher or lower Job Group, moves within a Job Group, and Separations.

Personnel actions involving employees who leave one Job Group to take a position in another are reported as two actions (separated from one group and joined another group). Personnel actions taking place across CUNY colleges are likewise treated as a separation from one college and a hire in the other.

Tenure is a permanent status granted to Professorial Faculty and College Laboratory Technicians. Lecturers are eligible for a similar status, Certificate of Continuous Employment (CCE). Individuals are eligible after meeting service requirements. There is an additional review process for Professorial Faculty, involving department and College-wide Personnel and Budget Committees making recommendations to the President. It is also possible for a faculty member to be hired with Tenure. Faculty reported here received tenure/CCE status effective September 1, 2018.

The tenure report tracks the following statuses:

- Awarded Tenure
- Hired with Tenure
- Denied Tenure (not common).

Observation on appointment data and tenure actions:

- Total of 8 minority individuals obtained tenure
- 8 Female Associate Professors obtained tenure
- 6 Female Assistant Professors, including 1 Black/African Am obtained tenure
- 3 Female Lecturers, including 1 Hispanic/Latino obtained tenure

Reason:

Tenure is obtained after a minimum amount of time dedicated to teaching, service and scholarship, which are subjected to academic review. All candidates for tenure should exhibit satisfactory qualities of personality and character, and a willingness to cooperate with others for the good of the institution. Longevity and seniority alone shall not be sufficient.

## **Recruiting Activity**

Recruiting and selection should promote diversity as well as operational effectiveness.

Prior to posting a job vacancy, the Chief Diversity Officer reviews posting language from the standpoint of language or requirements that could impose bias. In most cases, the Chief Diversity Officer also reviews a Recruiting Plan for intended outreach.

Many hiring efforts are conducted by a diverse Search Committee, particularly searches for faculty, administrators, and executives. The Chief Diversity Officer provides an orientation, or “charge”, to committee members on effective selection practices, including practices aimed at reducing the potential for bias. The CDO reviews the applicant pool for sufficient representation and certifies the pool prior to a review by the committee. The CDO reviews the list of individuals selected for interviews, and at the end of the recruiting process, approves the entire search.

The standard in evaluating recruiting data is referred to as Impact Analysis. Federal guidelines are that “Adverse Impact” may occur when any one group has a selection rate less than 80% of the selection rate of the most-selected group.

**Appendix G** summarizes recruiting and selection by job group based on available data about searches that were concluded with a job offer between June 1, 2018 and May 31, 2019. We report all searches resulting in an offer regardless of whether the search was cancelled at some point after an offer was made.

For some job groups, notably faculty, there is a significant gap between offer and start dates (sometimes six months or more). We track the conclusion of a search based on accepted job offer, not start date, in order to avoid a lag in reporting search results. The impact, however, is that the number of offers reported may not match the number of hires in the personnel exhibits. Also, for the Faculty-Professorial Job Group, searches were cancelled before interviews, offers, or hire decisions were made.

Applicant categories follow the federal guidelines for Internet Applicants:

- Applicant (Qualified individual submitting an application for a specific position)
- Interview (Selected for an interview, and interviewed)
- Offer/Hire (Selected for the position)

The Chief Diversity Officer reviews applicant self-identification data and determines if there is a need to adjust recruiting and outreach plans to attract diverse, qualified applicant pools.

As with many higher education institutions, there may be a gap in time between offer and hire for faculty members, as they are generally selected in the spring to teach the following fall. This time period can span two academic years. We report recruiting data based upon the date the search closes, and we report personnel activity data based on the employee's hire date. Thus the number of hires in recruiting exhibits may not match the number of hires in the personnel exhibits.

### **Hiring from Civil Service Applicant Pools**

The College participated in **7** University-wide hiring pools for Classified Civil Service hires. At a hiring pool, applicants who are pre-qualified based on a Civil Service examination score indicate their interest in working at one or more Colleges, and colleges make selections as per Civil Service regulations. These hires are included in the counts of employees hired in [Appendix F](#) and the counts of applicants in [Appendix G](#).

*The Hiring Pool includes:*

1. CUNY Office Assistant (COA)
2. Campus Peace Officer (CPO)

### **Compensation**

The University manages pay plans according to title and/or bargaining unit. These include an Executive Compensation Plan (ECP), Faculty and Non-Teaching Instructional Staff Pay Schedules, Classified Civil Service Plans for Managerial Personnel and Non-Managerial Staff, and Prevailing Wage schedules for Skilled Trades.

Pay plan flexibility can be limited by bargaining unit contract, Civil Service regulations, Prevailing Wage determinations, and/or University policy.

We review overall practices such as:

- Setting of Starting Salaries
- Performance-Based Pay
- Pay Increases Upon Promotion
- Tracking of Compensation Decisions
- Document Retention
- Assignment of Overtime/Additional Assignments.

We also review salaries by job group and title and evaluate areas where there is a discrepancy of 5% or more based on average salary as well as a material number of employees.

On October 11, 2019, the CDO and the Human Resources Director met to discuss compensation data and informed President Schrader accordingly: There were no identified major concerns regarding compensation equity for which legitimate explanations could not be provided, e.g., collective bargaining agreements pay schedules, longevity, market/labor forces, candidate skill sets and experiences, starting salaries, and classified civil service plans. However, in accordance with law and to help ensure fairness and equity in compensation decisions, hiring managers are instructed to not inquire into an applicant's compensation history.

- Required posting of open positions and of Civil Service Notices of Exam; typical faculty vacancies are posted for 30-60 days and administrative vacancies are posted for 14-30 days
- Collection of all applications into a single automated system where pre-established screening practices relevant to the specific function may be applied

- For many positions, a committee recruiting process by which a diverse team evaluates candidates according to consistent criteria and job-related interview questions
- An annual survey of newly appointed employees to identify potential areas of concern in how the College communicates with its candidates.

#### INTERNAL AUDIT AND REPORTING

The Chief Diversity Officer posts and distributes notices of policies, changes in regulations, and similar compliance information, and makes the Affirmative Action Plan available for public inspection. He/she also integrates compliance information into training programs for faculty, students, and staff.

## REVIEW OF PERSONNEL PROCESSES

Our goal is to ensure personnel activities are consistent with providing equal employment opportunity for employees and applicants who are Individuals with Disabilities and/or Protected Veterans. We periodically review our personnel processes for potential barriers to employment, training, and promotion.

The College’s personnel processes do not stereotype Individuals with Disabilities or Protected Veterans or otherwise limits their access to jobs for which they are qualified; further, the College strives to include Individuals with Disabilities and Veterans in media such as college publications and websites.

We invite employees to self-identify through an online self-service system. We invite applicants to self-identify upon each application through CUNY’s online applicant tracking system. The University maintains this data in its system of record with appropriate security measures for confidentiality of individual information. The College last conducted a self-identification campaign in 2018 and plans to have the next comprehensive campaign in 2020.

## REVIEW OF PHYSICAL AND MENTAL QUALIFICATIONS

We wish to ensure that physical and mental qualifications and requirements are job-related and consistent with business necessity and safety. We periodically review physical and mental qualifications as they relate to employment, training, and promotion.

We will review the requirements of a given position when there is a change in working conditions or requirements. As new job qualifications are established, the College reviews them to ensure that they would not screen out qualified Individuals with Disabilities or Protected Veterans (unless they reflect essential functions of these particular jobs).

The University's Civil Service unit reviews job requirements prior to issuing new or revised Civil Service specifications. The University also provides a checklist for planning a recruiting effort that includes a sign-off on a review of job qualifications.

## REASONABLE ACCOMMODATIONS

The College provides reasonable accommodations to Individuals with Disabilities and Disabled Veterans in order to apply for a position or perform the duties of their jobs. As per *CUNY Procedures for Implementing Reasonable Accommodation and Academic Adjustments*, the Human Resources Director is responsible for responding to requests for accommodation (by applicants, employees, contractors, visitors, and others).

The College contact for accommodation requests is:

Name: Office of Equal Opportunity & Diversity Management

As per University policy, the College also provides reasonable accommodations to individuals based on a disability; pregnancy, childbirth, or a medical condition related to pregnancy or childbirth; religious practices and status as a victim of domestic violence, sex offense or stalking.

The 504/ADA Coordinator, Michael J. Valente, Esq. administers efforts to ensure access and non-discrimination for Individuals with Disabilities.

#### EXTERNAL DISSEMINATION OF POLICY

Each job vacancy announcement has a summary of CUNY's policy.

The University also posts its [Non-Discrimination Policy](#) on its employment website and announces the policy annually in the New York Times newspaper.

The University Office of Labor Relations provides an annual notice of our policies to labor unions.

The College sends written notice of the Affirmative Action Policy to all subcontractors, vendors, and suppliers requesting compliance with our policy.

**Re: Reaffirmation of Commitment to Diversity/Equal Opportunity/Affirmative Action**

---

The City University of New York (CUNY) has a long-standing commitment to diversity and equal opportunity in all aspects of employment practices. At Kingsborough Community College, I fully support the policies and practices that we have implemented to foster non-discrimination, affirmative action, and diversity and inclusion in the workplace. It is my personal belief that CUNY is enriched by the strengths of the people and perspectives represented here. Accordingly, I am committed to oversee Kingsborough's compliance with local, state, federal, and CUNY Policies and Procedures on Equal Opportunity, Non-Discrimination, and Sexual Misconduct.

CUNY's Equal Opportunity and Non-Discrimination Policy sets forth the University and its campuses commitment to recruit, employ, retain, promote, and provide benefits to employees regardless of race, color, creed, national origin, ethnicity, ancestry, religion, age, sex, sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, unemployment status, credit history, pregnancy, or status as a victim of domestic violence/stalking/sex offenses, or any other legally prohibited basis in accordance with federal, state and city laws. I remind you that Italian Americans, and status as a caregiver are included among CUNY's protected groups. Additionally, as a federal contractor, CUNY engages in affirmative action consistent with federal requirements. I invite you to visit our website, [www.kbcc.cuny.edu](http://www.kbcc.cuny.edu) or [www.cuny.edu](http://www.cuny.edu), to view the Equal Opportunity Policy in its entirety, including the complaint procedures and prohibition against retaliation.

I have assigned the responsibility for the implementation and monitoring of our compliance program to the Office of Equal Opportunity & Diversity Management (OEO) currently managed by Interim Title IX Coordinator Roxanna Thomas. The vice presidents, deans, directors, managers and supervisors share responsibility for ensuring our compliance with these policies and laws. OEO is located in the E Cluster in Suite E115 and the telephone number is (718) 368-6896. You may also email OEO at: [AskOEO@kbcc.cuny.edu](mailto:AskOEO@kbcc.cuny.edu). Additionally, any individual who believes that he or she has experienced employment discrimination should immediately contact OEO. I ask for your continued support to ensure equal opportunity, affirmative action, and diversity and inclusion in all employment practices at Kingsborough.

## APPENDIX E-1 - ADMINISTRATOR / STAFF UTILIZATION BY JOB GROUP

### Kingsborough CC

Appendix E-1 presents utilization and underutilization of protected groups by job group.

A group is reported only when five or more employees are assigned to it.

Underutilization occurs where the utilization of a protected group is less than 80% of Labor Market Availability. We calculate a number approximating the number of full-time employees that would be needed to make utilization equal to the labor market. Where utilization is zero (0), underutilization exists but not to the level of one full-time equivalent employee. Blanks indicate no underutilization.

Underutilization numbers for females and total minorities represent specific placement goals as prescribed for federal Affirmative Action Plans.

Total Minority is comprised of Asian/Hawaiian/Other Pacific Islander, Black/African American, Hispanic/Latino, American Indian/Alaska Native and Two or More Races.
